Institute's Information

Name of Institute	Institute for System Dynamics
Contact Person	Ms Babette Endrulat-Goehler
Phone	0711/685-68549
e-mail	endrulat-goehler@ia.uni-stuttgart.de

Duration of Project/Number of Students

June/July	
June/July/August	x
Number of Students	

Name of Project System Analysis and Control

Beneficial Skills & Knowledge

Description of Work

The research projects at the Institute for System Dynamics are grouped according to the following fields of application: Automotive, Large Scale Robotics, Drive & Energy Systems, Systems Biology, Medical Engineering, Process Technology, Optomechatronics, and Civil Systems Engineering.

Please check out the webpage https://www.isys.uni-stuttgart.de/en/institute/ and let us know what you are interested in researching. A complete resume as well as a convincing motivational letter are required for an application.

Depending on the individual skills we will define a project according to the student's interests.
