Maschinelle
Sprachverarbeitung

WELCOME
to the program
Master of Science
Computational Linguistics

Stefanie Anstein
March 2024

Overview

1 Introduction – who we are ...

2 Program of study: M.Sc. CL

3 Further useful information

4 Next steps

**Introduction – who we
are ...**

1

IMS chairs / departments / research clusters

- **Prof. Sebastian Padó & his group:**

computational semantics / (word) meaning, multilinguality, text mining, social media analysis, computational social science, discourse studies & much more

- **Prof. Jonas Kuhn, Prof. Schulte i.W. & more:**

structural processing / syntax, text studies, semantic relations, computational social science, digital humanities, research infrastructure & much more

- **Prof. Thang Vu, Dr. Schweitzer, Dr. Wokurek & more:**

digital phonetics, speech recognition/synthesis, spoken language understanding, dialogue systems, deep learning & much more

- **Jun.-Prof. Carina Silberer & her group:**

semantic models via machine learning, language and vision, grounding, multimodality, computational semantics & much more

More IMS research groups and associated teams

- **Emmy Noether Group** 'Computational Models of Misunderstanding':
Dr. Michael Roth
- **Junior professorship** 'Psycholinguistics and Cognitive Modeling':
Jun.-Prof. Dr. Titus von der Malsburg
 - human sentence comprehension
 - experimental research using eye-tracking, large-scale crowdsourcing, electric brain potentials etc.
 - computational cognitive modeling
- **SimTech Tenure-Track Professorship** 'Computational Cognitive Science':
Jun.-Prof. Dr. Benedikt Ehinger
 - visual cognitive science
 - behavioral, EEG and eye-tracking experiments
 - statistical modelling
- ... and many more

Student representatives MSV / CL

Special Service of our Faculty

International Service Point Faculty 5

Complementary to the services of the university's International Office:

- Support and contact point for the faculty's international students
- Promoting further internationalization at Faculty 5
- Events & networking activities for and with international students

Stay informed!

Stay up to date on **important information and events for international students of our faculty!**

Sign up!

Upcoming events for international students of Faculty 5

- **Semester Opening** | May 16
- **Info Session: Working in the Stuttgart Region** | July 1
- **Excursion: “Your Future in Stuttgart” - Career Event & Fair of the City Stuttgart** | June 21 (tbc)
- **Career Workshop: Interview Training** | tbc
- **Company Visit** | tbc

Program of study:
M.Sc. CL

Program of study

- regular duration: 4 semesters (max. duration: 9 sem.)
- consists of several **modules**
 - module duration: 1-2 semesters
 - can contain 1 (or more) **course(s)**
(= lectures, seminars, lab sessions ...)
- module descriptions: module handbook (PDF; via book icon in C@MPUS – “My Study Program”)
- ECTS credit point (CP) = *Leistungspunkt* (LP)
 - measurement of working load (1 CP = 30h) & weight for the calculation of the final M.Sc. grade
 - 2 SWS/SH/SSSt = 1,5h/week = usually 3 CP/semester
(there are exceptions, e.g. the “Project Seminar CL” or modules from the linguistics department)
 - 120 CP needed for M.Sc. degree;
30 CP per semester = 20 SWS = 10 x 1,5h per week
 - are given for complete modules

Study plan suggestion (flexible!)

program structure MSc CL PO 2017, Uni Stuttgart

Semester	Obligatory modules	Elective modules	Other	ETCS Credit Points
1 (WiSe)*	Methods in CL ** [8SWS*** 12CP]	Elective courses worth ca. 18CP		30
2 (SoSe)*	CL Team Lab ° [4SWS 6CP]	Elective courses worth ca. 18CP	Key competences °° [2SWS 3CP]	27
3 (WiSe)*	CL Research Module ** [4SWS 9CP]	Elective courses worth ca. 24CP		33
4 (SoSe)*	Master's thesis [30CP]			30
Colour key:	IMS	IMS & Computer Science / Linguistics Departments	across UniS	

*) For a start in the summer semester, it is recommended to interchange obligatory modules.

However, the CL Team Lab is not recommended for 1st semester students without background in CL.

**) Offered in winter semesters

***) 2 SWS = 1,5h/week

°) Offered in summer semesters

°°) Is also possible in any other semester

Suggestion for non-CL graduates starting in summer

recommendation for non-CL graduates starting in summer term				
Semester	Obligatory modules	Elective * modules	Other	ETCS Credit Points (CP)
1 (SoSe)		Elective courses worth ca. 30CP		30
2 (WiSe)	Methods in CL ** [8SWS*** 12CP]	Elective courses worth ca. 3CP	Key competences °° [2SWS 3CP]	27
	CL Research Module ** [4SWS 9CP]			
3 (SoSe)	CL Team Lab ° [4SWS 6CP]	Elective courses worth ca. 27CP		33
4 (WiSe)	Master's thesis [30CP]			30
Colour key:	IMS	IMS & Computer Science / Linguistics Departments	across UniS	

*) choose 1 of 3 subcatalogs from Electives/CompLing/ as primary catalog with min. 18 CP, the other 2 with min. 6 CP each

**) offered in winter semesters

***) 2 SWS/SH = 1,5h/week

°) offered in summer semesters

°°) also possible in semesters 3 or 4

Program of study ctd.

Details about modules

- “Methods in Computational Linguistics”
(12 credit points; first (winter) semester; highest priority!)
 - option for MSV/CL graduates: choose 2 advanced courses instead, see current list on
 - Repository > Engineering > Maschinelle Sprachverarbeitung / Computational Linguistics > Arbeitsgruppen > Studying @ IMS > [For NLP graduates only] List of advanced courses to replace MethodsCL with
- “Computational Linguistics Team Laboratory”
(6 credit points; second (summer) semester)

Program of study ctd.

Elective modules (60 credit points)

- choose 1 primary sub-catalog (at least 18 credit points) and 2 secondary catalogs (at least 6 credit points each) from the “Computational Linguistics” catalog
- choose primary/secondary catalogs from
 - Core Computational Linguistics
 - Applied Natural Language Processing
 - Speech Processing
- the remaining modules (30 credit points) can be chosen freely from all offered catalogs (largest choice: Computer Science)

Program of study ctd.

Elective modules (60 credit points)

- if a module is not (yet) listed in our module handbook, ask S. Anstein if it can be imported (12 CP from Bachelor programs possible)
- special module: “Project Seminar Computational Linguistics” (2 SWS → 6 CP by doing additional project on top of an IMS seminar)
- special module: “R&D Practical Project for CL” (6 CP for external internship or independent research project)
- Erasmus CPs can also be used as electives

Please note: Each course can be used only once – to prove this and to help us entering your grades, you’ll need to submit your course-module mapping each semester (see email reminder). You can find the possible mappings in C@MPUS (via “Course catalog” – “Status within Curriculum”).

Program of study ctd.

Key competences (3 credit points)

- modules for general competences (“Schlüsselqualifikation” = SQ)
 - e. g. presentation modalities, time / project / knowledge management, ...
 - can be done in any semester; only online registration possible before semester start: <http://www.uni-stuttgart.de/sq>
 - can be found in C@MPUS at “Central facilities – Central Facility Zentrum für Lehre und Weiterbildung der Universität Stuttgart – Central office Fachübergreifende Schlüsselqualifikationen – Courses”
 - possible at the Language Center: advanced language courses
 - Language Center also offers SQ courses during semester breaks
 - You'll get an email with the registration dates!

Program of study ctd.

Later obligatory modules

- Research module (9 credit points)
 - Research seminar
 - preparing Master's thesis: reading research papers, possibly finding topic for your thesis; grade: writing proposal & presenting thesis & passing oral exam
 - can be taken "remotely" (studying abroad, internship)
 - should be taken in 2nd semester by students who started in summer term
- Master's thesis (30 credit points)
 - needed to start with Master's thesis:
 - at least 60 credit points
 - passed requirements exam(s), if applicable
 - passed MethodsCL module

Please note: This is an idealised scheme of the program – you can do it differently, just don't exceed the maximum duration of 9 semesters! For students who start in summer term, an individual plan can be developed together with S. Anstein (according to your background).

Further useful information

3

Useful information

- German language course / “tandem” advisable
 - binding version of University documents: in German
 - to make the most of your life in Germany :)
 - check C@MPUS > Central Facilities > Language Center > German > Section I: German as a Foreign Language: Interdisciplinary Key Qualifications (FSQ) > German as a Foreign Language: Special offer for study programs
- some students got an “admission with requirements” (*Auflagen*)
 - see C@MPUS account; recommended to take the oral exam asap (self-studying) / programming course available in winter (no credits)
 - please register in Nov/May; you will get another email with more information
- please participate in evaluations
 - course evaluations, carried out during semester
 - module evaluations, carried out after end of semester/exams (by email)

Useful information ctd.

- exam regulations (binding version: German; indicative translation link see handout)
 - important information is also available in English on the websites and on the handout (if in doubt, please ask!)
 - describe obligatory modules & define electives
 - determine number of possible repetitions and maximum length of the study, extensions and exceptions etc. (for academic accommodations due to special circumstances see also <https://www.student.uni-stuttgart.de/en/organizing-studies/disability>)
- exams
 - oral or written exam (during the semester or at the end of the semester)
 - ungraded exam: passed / failed
 - graded exam:
1,0 (excellent) / 1,3 / 1,7 ...– 4,0 (acceptable)
 - hint: there might be some preconditions to fulfill in order to be allowed to take part in an exam, e.g. exercises etc.

Useful information ctd.

- registration for exams / **modules**
 - exact exam dates are announced in the lectures (can also take place in lecture-free period!)
 - register online in C@MPUS
 - each exam has to be registered during the registration period (as announced by the University: May/June & November/December) – otherwise participation is not possible (screenshot of registrations recommended)

Useful information ctd.

- postponing / repeating exams
 - you can only repeat exams you have failed
 - you can withdraw from an exam until 7 days before the exam takes place (otherwise, a medical certificate is needed as soon as possible in order for the exam not to count as “failed”)
 - failed exams can be repeated once; this has to be done within 2 semesters; re-registration necessary!
 - 2 failed modules can be dropped
 - a second repetition of a module exam (type “PL”, see module handbook) is only allowed in 3 cases in total

15. Lehrveranstaltungen und -formen:	• 723801 Lectures with exercises Methods in Computational Linguistics
16. Abschätzung Arbeitsaufwand:	lecture and exercises
17. Prüfungsnummer/n und -name:	• 72381 Methods in Computational Linguistics (PL), , Gewichtung: 1 • V Vorleistung (USL-V), • Methods in Computational Linguistics, Prüfungsleistung (PL), Schriftlich oder Mündlich, Gewichtung: 1

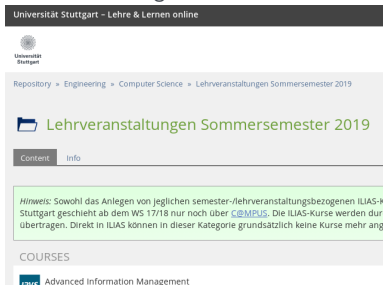

Useful information ctd.

- C@MPUS online portal
 - contains all currently offered courses (+ descriptions) and the modules (+ descriptions) they can be used for
 - personal timetable can be created (by registering for courses after online enrollment: non-binding)
 - (de-)registration for exams (binding)
 - document downloads: transcript, enrollment certificate
 - <https://campus.uni-stuttgart.de>

Useful information ctd.

- ILIAS platform
 - is used to share information (slides, literature, ...) for courses (provided by the lecturers)
 - when you register the course in C@MPUS you will automatically be in the corresponding ILIAS course (if there is one for this course)
 - please also join the group “Studying @ IMS” for various useful information (including forum “Ask me anything”): path: Repository – Engineering – Maschinelle Sprachverarbeitung / Computational Linguistics – Arbeitsgruppen – Studying @ IMS
 - <http://ilias3.uni-stuttgart.de>

Useful information ctd.

- more important information on the IMS website
<http://www.ims.uni-stuttgart.de>
 - student FAQs
 - lecturers / staff contact data
 - projects & publications
 - events & news
 - ...
- more space in (computer) working areas in Pfaffenwaldring 5c and in Universitätsstraße 38
- honor code: not to plagiarize (worst case: plagiarism can lead to exmatriculation)
- please read the IMS code of conduct:
www.msv-cl.de/code-of-conduct
- open learning space for maths and computer science questions:
www.mint.uni-stuttgart.de/angebote/offener-lernraum
- “Makerspace” on campus Vaihingen for conducting individual projects: <https://uni-stuttgart.de/maked-digital>

Useful information ctd.

Further institutions at the university to get information & help:

- International Service Point of faculty 5 for general questions (complementary to the services of the university's IZ/IO:)
 - www.f05.uni-stuttgart.de/studium/international-service-point
- Examination Office (*Prüfungsamt*)
 - Pfaffenwaldring 5c, 3rd floor
- Admissions Office (*Studiensekretariat*)
 - German students: Pfaffenwaldring 5c, 2nd floor
 - foreign students: Pfaffenwaldring 5c, 1st floor
- International Office (*Internationales Zentrum*), PWR 60
 - welcome service – get your welcome package!
 - international mentoring, learning groups, psycho-social counselling, student associations, leisure activities, help with German forms etc.
 - www.uni-stuttgart.de/en/university/international/service
- Service point “uni & family”, e.g. for maternity protection
 - www.uni-stuttgart.de/en/study/counseling/children

Useful information ctd.

Further institutions at the university to get information & help:

- Student Counseling Center (*Zentrale Studienberatung*), PWR 5c
 - general and specific questions, e.g. disabilities, chronic illness
 - contact point for all unclear issues
 - courses on studying efficiently etc., see www.student.uni-stuttgart.de/en/counseling/zsb/learning-counseling/
- Student Services (*Studierendenwerk*)
 - housing (make sure you stay on waiting list!), childcare, legal advice, social advice, psychological support, finances, disabilities, ...
- “Ombudsperson”: a neutral and confidential contact person for people in need of support in university conflicts:
www.student.uni-stuttgart.de/en/counseling/ombudsperson

Useful information ctd.

Further institutions outside the university to get information & help:

- Welcome Center Stuttgart
(<https://welcome.stuttgart.de/welcomecenter/en/>)
 - help in many areas for new students: Welcome Club, Job Centre etc.
- Nightline Tübingen: an anonymous, confidential, unprejudiced and independent evening hotline (also available in English):
<https://nightline-tuebingen.de/>
- German job centre 'Agentur für Arbeit':
<https://www.arbeitsagentur.de/en/welcome> (student job board etc.)

Next steps

For you to do ...

- take a look at
 - the current course offerings for CL in C@MPUS
 - in the curriculum tree view, click on the calendar icons to see all current courses in that catalog
 - choose around 30 CP / 20 SWS / 10 slots (check course combinations for modules)
 - hint for non-CL graduates: rather choose „lectures“ and overview / introductory courses in the beginning and „seminars“ on very specific topics only in the later course of studies (courses show specific prerequisites in C@MPUS; default: basic CL skills)
 - if you plan to focus on machine learning, work on your maths ...
