**A brief  
overview**

# “Mobility of the Future” InnovationCampus (ICM)

The University of Stuttgart and the Karlsruhe Institute of Technology are pooling their expertise in the “Mobility of the Future” InnovationCampus (ICM). Through excellent interdisciplinary basic research in the areas of mobility and production, the ICM develops new technologies, transfers them into businesses, and thereby actively contributes to the shaping of tomorrow’s mobility.

# Cyber Valley

Cyber Valley is Europe's biggest research collaboration into artificial intelligence. As well as the University of Stuttgart, the University of Tübingen, the Max-Planck Institute for Intelligent Systems, the state of Baden-Württemberg, and the Fraunhofer Society, the collaboration also includes seven industrial companies. Cyber Valley is also supported by four foundations.
